THE PINNACLE FOUNDATION

our vision

The Pinnacle Foundation was formed to positively impact chronic homelessness, build a bridge to shelter security through financial literacy and education, and support our community veterans' immediate needs in the Greater Manchester Community.

our mission is to

Raise funds through our calendar of events to support the organizations on the front lines, providing financial support and awareness in these areas. The Pinnacle Foundation also spotlights individuals who have made an impact, share their vision for overcoming the obstacles our communities run against, and features immediate needs our benefactors have to fulfill those needs quickly.

As a Board, we welcome our friends, neighbors, and business associates to join us in supporting our community and helping those in need.

Board President: Kurt Strandson
